BHARGAV D. GADHIYA

Software Engineer

PERSONAL PROFILE

I'm a skilled Front-End Engineer with over 3 years of experience in crafting captivating user interfaces. I specialize in creating seamless digital experiences that captivate users and drive engagement. Currently on the lookout for new opportunities, I bring a solid foundation in front-end development and a hunger to expand into backend technologies. I'm eager to contribute my expertise to a dynamic team where I can continue to grow and make an impact. Let's connect and explore how I can bring value to your team with my blend of creativity and technical prowess!

WORK EXPERIENCE

- ⦿ **WEYBEE SOLUTIONS PVT. LTD. JULY 2021 - DECEMBER 2021**
Software Trainee
 - During my tenure as a trainee, I gained practical exposure by collaborating on various projects.
 - I honed my skills in React.js, React Native, and Node.js, contributing to their development.
 - Additionally, I conducted research into industry-standard development methodologies. I acquired a fundamental understanding of project workflows utilizing tools such as JIRA, along with version control systems like GitHub and Bitbucket.
- ⦿ **WEYBEE SOLUTIONS PVT. LTD. JANUARY 2022 - PRESENT**
Software Developer
 - As a seasoned software developer, I've contributed to numerous large-scale projects alongside agile and proficient teams.
 - I actively participated in research and development initiatives, engaging in technical discussions to architect optimized solutions and enhance performance.
 - My professional journey has equipped me with invaluable experience in navigating high-pressure deadlines and ensuring smooth production releases.

PROJECTS

● SPREEIN

- It is a MultiVender e-commerce system consisting of admin, seller, and customer modules. It manage order, seller, and customer modules. It manages orders, products, shipping, and inventory.
